

Mrs. Jordan,

The Fulton County Police Department has received information regarding your concerns about the crime occurring at gas stations in unincorporated South Fulton County.

Here are some of the steps I am at liberty to divulge that the department is currently taking to resolve this issue:

- Surveillance at gas stations/convenience stores
- Surveillance of “persons of interest”
- Processing of recovered stolen vehicles for “Touch DNA” in an attempt to positively identify perpetrators

Again, the above is not an exhaustive list of our activity. I want to stress to you that the department takes this matter very seriously, and we are utilizing resources to address it.

Thank you for being an active, concerned citizen.

Darryl Halbert

Deputy Police Chief

FBI NA 238th

Fulton County Police Department
